MSC SCONA is an annual collegiate conference at Texas A&M University in February that brings together delegates from across the nation and the world. MSC SCONA discusses a topic of national and global importance, allowing delegates to interact with academic scholars, professionals, and well-known public figures. Delegates participate in small group "roundtables" led by a subject matter expert "facilitator" and work together to create a policy paper. Prior to the conference, students may opt to participate in the **International Strategic Crisis Negotiation**

Exercise. The ISCNE is a diplomatic simulation produced by the U.S. Army War College, which Texas A&M University hosts. Student delegates are divided into seven teams—each representing a nation-state—and work with a USAWC Fellow, who serves as their mentor. Each of the delegations represent a nation or interested global actor at a simulated peace conference facilitated by the "United Nations." MSC SCONA and ISCNE will take place in February 2023.
