Master of Marriage and Family Therapy Child and Adolescent Therapy Concentration

Core Curriculum:

MFTO 601: Pre-Internship

Combined practicum and lecture format. Students gain counseling experience through role-playing with each other. Emphasis is placed on basic counseling skills as well as awareness of students' own family of origin.

MFTO 610: Couples Therapy

An introduction to the theories and techniques of marriage and family therapy as applied to the work of those persons who deal primarily with couples.

MFTO 615: Research Methods in Family Therapy

This course will introduce students to both quantitative and qualitative research methodologies utilized in marriage and family therapy research. Students will critique the use of these methodologies and engage in making research decisions as they design their own research proposal. Students will understand ethical issues in conducting research with human subjects and be introduced to data analysis procedures.

MFTO 622: Systemic Play Therapy

An introduction to systemic play therapy.

MFTO 624: Family Therapy with Children and Adolescents

Survey of systemic approaches and techniques for child and adolescent problems with an emphasis on empirically supported theories.

MFTO 628: Assessment and Treatment of Childhood and Adolescent Disorders

A study of childhood and adolescent psychopathology, with an emphasis on diagnosis and assessment informed by a biopsychosocial-spiritual paradigm.

MFTO 634: Addictive Disorders

This course will address the spectrum of addictive disorders from a systemic perspective with a focus on the biological, social, spiritual, and psychological aspects of the addictive process. Diagnosis and treatment strategies will be considered through a systemic lens.

MFTO 639: Family Theory

A comprehensive exploration of theory in family studies and therapy. The role of theory in empirical investigation, conceptual framework, and strategies of theory building useful in the interdisciplinary study of marriage and family behavior will be examined.

MFTO 641: Family Therapy I

A study of supportive counseling principles and methodology in the area of functional family problems and needs. A systems approach will be utilized.

MFTO 643: Professional Ethics and the Law

A survey of the professional ethics and laws relative to the practice of marriage and family therapy.

MFTO 645: Systemic Diagnosis & Assessment

This course is a study of psychopathology, diagnosis, and assessment in a biopsychosocial-spiritual context. Students will learn how to use the DSM and assessment instruments in diagnosing and assessing psychopathology, as well as learning systemic ways of assessment in individual, couple, and family contexts.

MFTO 651: Sexual Therapy

The Christian-oriented implementation of contemporary sexual therapy in formal and informal settings.

MFTO 661: Family Therapy II

Intense exposure to at least three currently-practiced modalities of Family Therapy.

MFTO 662: Family Life Cycle

Equipping the marriage and family student with an understanding of how to integrate the individual, marital and family developmental cycles into clinical case conceptualization, diagnosis and treatment.

MFTO 663: Cultural Diversity in Family Therapy

This experiential course will explore areas of cultural diversity relevant to gender, ethnicity, and class in psychotherapy practice, with an emphasis on developing cultural competence, sensitivity, and awareness. Other dimensions of diversity may be covered to a lesser extent.

MFTO: 697 Ecology of Crisis & Trauma for the Therapist

A study of the interrelationship between systemic explanations of trauma and crisis and how they impact the psychotherapeutic practice and world view of the therapist.

Master of Marriage and Family Therapy Child and Adolescent Therapy Concentration

MFTO 602: Internship I
